

# Join IL Vino Novello Co. for The Hudson Valley Wineries Bus Tour!

Saturday, June 18<sup>th</sup> 2011

Departs Sears Parking Lot at Viewmont Mall 9:00 a.m.

Complimentary Wine Glass, wine and food tasting on the way to the Hudson Valley!

- 11:00 a.m.** Robibero Family Vineyards: Our first stop is set on a 42-acre property nestled in the breathtaking Shawangunk Mountain Ridge, just a few miles from the historic town of New Paltz. Established in 2010, Robibero Family Vineyards is one of New York's newest wineries. As a small boutique winery, their main goal is to produce premium artisan wines that are unique to their terrior.
- 12:00 p.m.** We will relax and enjoy a picnic lunch on Robibero's deck, which offers panoramic views of the Hudson Valley. Lunch will be provided by IL Vino Novello Co. Robibero's Winery also sells wine by the glass or bottle to enjoy on premises.
- 2:00 p.m.** Tousey Winery: A proud member of the Hudson Berkshire Beverage Trail, Tousey Farms is located in Clairmont, NY. Their goal is to produce wines that they would like to drink themselves, wines that are enjoyed with food and friends.
- 3:30 p.m.** Hudson - Chatham Winery: Located between the historic towns of Hudson and Chatham, it was the first winery in Columbia County. Besides creating fine artisinal wines, the DeVito family has worked hard restoring the winery's grounds and the prestigious Circa 1780 farmhouse. The winery features hand-crafted wines, cheeses, and desserts. The grounds also feature a gazebo with scenic views.
- 4:45 p.m.** Chatham Brewing: The brain child of two beer lovers, Jake and Tom. They were tired of the generic taste of mass-market beers, so they decided to brew their own all-natural beers with no additives or fillers. Their beers are simple, made with hops, barley, malt, yeast, and that magic elixer called Chatham Water.
- 6:00 p.m.** Harvest Spirits: Truly small-batch distilled. Their small distillery is a very modern work of art. Though it can only distill 100 gallons at a time, it's flexible and precise enough to create some of the country's very best vodka, "Core Vodka". We will also taste their Apple Jack and Pear Brandy. Their primary focus is vodka, but their distilling equipment can produce virtually any kind of liqour, from gin and whiskey to exotics like cachaca, agave spirits, and medicinal bitters.
- 7:00 p.m.** We load the bus to come home with memories of all the fun we had, new friends and old friends; and of course, all the great wine we tasted. I know I'll be bringing some back with me!
- 10:00 p.m.** We arrive back at Viewmont Mall.
